Experience

Celebal Technologies

May 2024 – July 2024

Summer Intern

Remote

- Worked on various projects using React JS to build dynamic and responsive web applications.
- Joined an innovative team at Celebal Technologies as a Summer Intern in the React JS domain.
- Honoured to enhance skills and contribute to exciting projects.

iNeuron.ai

May 2023 – July 2023

Front End Web Developer Intern

Remote

- Formulated a Password Generator, a user-friendly website designed to effectively generate strong and secure passwords.
- Safeguarded online presence with virtually uncrackable passwords, ensuring the utmost protection for sensitive information.
- Employed front-end technologies such as HTML, CSS, and JavaScript to build this project.

Projects

Epicture Express (GitHub) (Live)

- Created an Online Food Website, providing users with the ability to order their favorite food and enjoy a seamless dining experience.
- Utilized frontend technologies such as HTML, CSS, JavaScript, and React.js to bring this project to life.
- Ensured the website is responsive, offering a smooth experience across various devices and screen sizes.
- Developed the menu section to categorize food items into breakfast, lunch, dinner, and dessert, complete with images and brief descriptions for each category.

Password Generator (GitHub) (Live)

- Engineered a user-friendly website using HTML, CSS, and JavaScript to generate strong, secure passwords.
- Incorporated customizable options for upper/lowercase letters, numbers, and symbols.
- Introduced a copy-to-clipboard feature to enhance user convenience.
